CALEB COHEN

Houston, Texas • (281) 825-6139 • CalebCohen@hotmail.com

EDUCATION

The University of Texas at Austin – Austin, Texas
Bachelor of Business Administration in Finance   May **2016**
- Minor: Marketing

Summary

I am a software engineer that loves to build things and solve problems. My creativity and focus on details are balanced with the project's vision. I have a proven track record of creating and implementing efficient and successful front and back-end web applications. I am looking to bring my skills to a company focusing on problem-solving.

EXPERIENCE

100 Devs - Remote   **January 2022 - Present**
Software Engineer
- Implemented web applications with the best semantic structure as determined by the latest protocols
- Worked in a dedicated Scrum team of developers and completed projects solo, in duos, and in large groups
- Made efficient, responsive, clean code

Spars Surgical – Houston, TX   **June 2016 - Present**
Operations Director

Managed collections and reimbursement for a network of surgical centers in the Houston area. Elicited requirements for custom software solutions. Implemented an inventory management system to reduce unit costs and improve inventory supply. Executed, designed, and maintained proprietary software that increased workflow.

- Acted as primary contact with clients in troubleshooting custom software issues
- Facilitated over ten-thousand appeals through developed software
- Improved interface in software and speed of appeal process by revamping the entire system
- Increased savings of $500,000 by implementing custom technology
- Subject Matter Expert on a project that increased revenue by $400,000
